## **2026 Budget Message**

### **Introduction**

The District was formed in November 2003 for the purpose of providing design, financing, acquisition, and construction of certain infrastructure including water improvements, street improvements, sanitary sewer, storm sewer, park and recreation improvements and landscaping improvements. These improvements have been dedicated to the City of Aurora, or such other entities as appropriate for the use and benefit of the District taxpayers and service users.

The 2026 budget was prepared in accordance with the Local Government Budget Law of Colorado. The budget reflects the projected spending plan for the 2026 fiscal year based on available revenues. This budget provides for the annual debt service on the District's outstanding debt as well as the general operation of the District and capital improvements.

The District's 2025 assessed value increased to \$48,005,760 from \$47,531,670 the prior year. The District's mill levy is 37.000 mills for taxes to be collected in the 2026 fiscal year, with 1.237 mills certified to the General Fund, 34.689 mills certified to the Debt Service Fund, and 1.074 mills certified to the Aurora Regional Improvements (ARI). The ARI mill levy is required pursuant to the First Amended and Restated Service Plan.

### **Budgetary Basis of Accounting**

The District uses Funds to budget and report on the financial position and results of operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions. The various funds determine the total District budget. All of the District's funds are considered Governmental Funds and are reported using the current financial resources and the modified accrual basis of accounting. Revenues are recognized when they are measurable and available. Revenues are considered available when they are collectible within the current period. For this purpose, the District considers revenues to be available if they are collected within 60-days of the end of the current fiscal period. Expenditures, other than the interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation paid.

### **Fund Summaries**

**General Fund** is used to account for resources traditionally associated with government such as property taxes, specific ownership taxes and expenditures which include district administration, legal services, and other expenses related to statutory operations of a local government. The District's primary source of operating revenue for 2026 is from property taxes and specific ownership taxes. In November, 2025, the voters of the District elected to remove the 5.25% annual revenue growth restrictions as per SB24-233 and HB24B-1001.

**Debt Service Fund** is used to account for property taxes and other revenues dedicated to pay the fiscal year's debt expense which includes principal payments, interest payments, and administrative costs associated with debt issues. The primary source of revenue comes from property taxes, specific ownership taxes and ARI revenue.

In 2019 the District entered into a Loan Agreement pertaining to the Series 2019A Loan in the maximum amount of \$10,000,000, dated September 26, 2019, as Amended and Restated on February 7, 2024 (the "Series 2019A Loan") and a Loan Agreement pertaining to the Series 2019B Loan in the maximum amount of \$9,000,000, dated September 26, 2019, as Amended and Restated on November 11, 2022, and as further Amended and Restated on February 7, 2024 (the "Series 2019B Loan"). On February 7, 2024 the District entered into a Loan Agreement pertaining to the Series 2024 Loan in the amount of \$5,020,000 (the "Series 2024 Loan")

The following is a summary of the annual long-term debt principal and interest requirements for the District's Series 2019A, 2019B, and 2024 Loans:
